249 SOURCES · 340 TAXA

REFERENCES PRESENT FOR 109 OF 340 TAXA (32%)

COMPILED 2026-10-15 FROM AROIDPEDIA.COM

Automatically compiled from the References section of every Alocasia species, cultivar and hybrid page on Aroidpedia. Part I lists every source alphabetically with the taxa citing it. Part II lists each taxon with its own references, for readers wishing to dive deeper into a single plant. Part III lists taxa whose pages do not yet carry a References section.
